2016 Classes and Parent Survey

We are currently working on class structures for 2016. All families have received a form to provide us with information about your child’s development for consideration in this class placement process.

Please return your forms to the front office by THIS FRIDAY 30/10/15, so we may consider your child’s needs during the placement process. Staff take into consideration the academic, social, and physical needs of your child as well as their friendship groups. We place students, think about the placement and go back to ensure students are placed in the best possible class for their achievement. Return your forms to the class teacher or place in the box on the Front Office counter.

You will also have received a copy of the Parent Survey. Please take a few moments to complete this survey as your opinion is important to our planning for 2016. There is a confidential box on the front office desk to place your survey in OR return it to your child’s class teacher.

Teaching for Effective Learning.

Building a Community of Learners.

Teachers create a culture where everyone inspires and encourages each other’s learning. Learning is not wholly dependent on the classroom teacher, students learn from each other and reinforce each other’s learning. Teachers create opportunities for collaborative learning and explicitly teach the skills need for teamwork. Students solve problems together, work in teams and support teammates when they are stuck.

SCHOOL CARD APPLICATIONS 2015:

School Card applications for 2015 are drawing to a close. If you believe you are entitled to School Card and have not applied for 2015, applications will close on Wednesday 11th November 2015. Please come to the front office and fill out the form.

Applications for 2016 will not arrive in schools until late January, 2016. Any outstanding Material & Services Charges are also due and should be paid promptly.
